

Out of the articles published within the special issue

**Best of Gears 2017**

of the

**Springer-journal  
Forschung im Ingenieurwesen**

which was published in the context of the

**International VDI-Conference on  
Gears / Plastic Gears / Gear Production 2017**

the article

**Theoretical and experimental investigations on the  
influence of the microscopic anisotropic material  
properties of gear teeth on their macroscopic  
behavior**

from the author

**Carsten Ulrich**

has been awarded with the

**2<sup>nd</sup> prize for the Best Paper**

Prof. Dr.-Ing. Karsten Stahl

Gear Research Centre (FZG), Technical University of Munich (TUM)

Editor-in-chief of the Springer-journal 'Forschung im Ingenieurwesen'

Conference President of the International VDI-Conference on Gears / Plastic Gears / Gear Production
