

Felix Burkhardt, Dipl.-Ing.
Academic Staff
Chair of Circuit Design and Network Theory
Email: felix.schwarze@tu-dresden.de

Felix Schwarze was born in Leisnig, Germany, in 1992. He received the Diploma in electrical engineering in 2017 from Technische Universität Dresden, Dresden, Germany, where he is currently working toward the Ph.D. degree with the Chair for Circuit Design and Network Theory. His current research focuses on mixed-signal circuit design with a focus on adaptive noise cancellation systems for automotive PoDL applications as well as high resolution high data-rate digital-to-analog converters.
